

Nursery Learning – Autumn 1

Communication and Language

Children will develop their listening and speaking skills through stories, songs and high quality interactions.

They will practice sitting and listening for short periods, joining in with repeated phrases and answering simple questions such as “What is your name?” and “Who is in your family?” Children will learn and use new words to talk about themselves, their families, feelings and experiences.

Personal, Social and Emotional Development

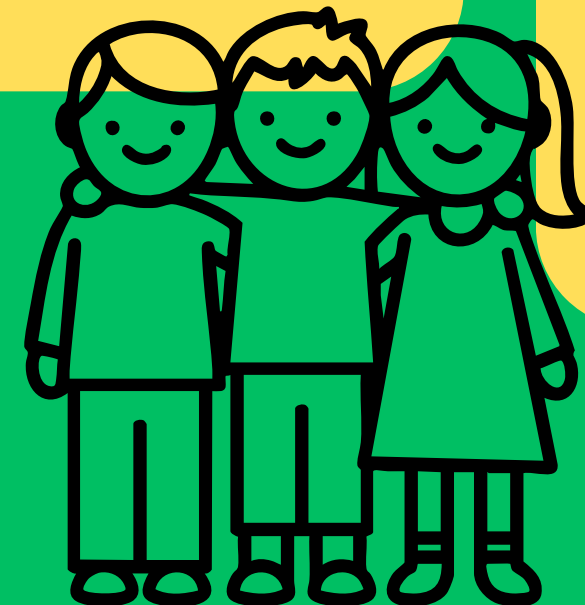

Children will develop confidence as they settle into Nursery and begin to separate from their carers. They will build relationships with familiar adults and other children and learn to share, take turns and be kind and gentle. Children will become more familiar with Nursery routines, begin to tidy away resources and talk about their feelings, including being happy, sad, angry and calm.

Physical Development

Children will develop their physical skills through activities such as Dough Disco, dancing, climbing, bikes and parachute games. Fine motor activities will help strengthen hands and develop control through playdough, painting, drawing and using glue. Children will also practise becoming more independent with everyday tasks such as putting on and taking off their coats.

Book change day is **Friday**.

Our PE Day is **Monday**.

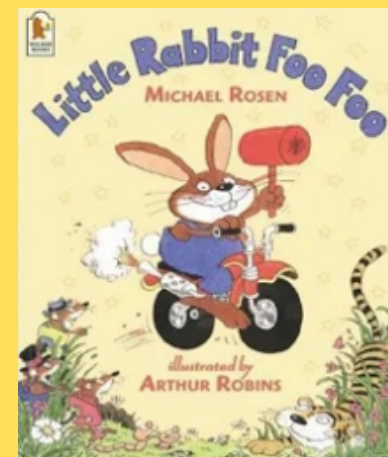

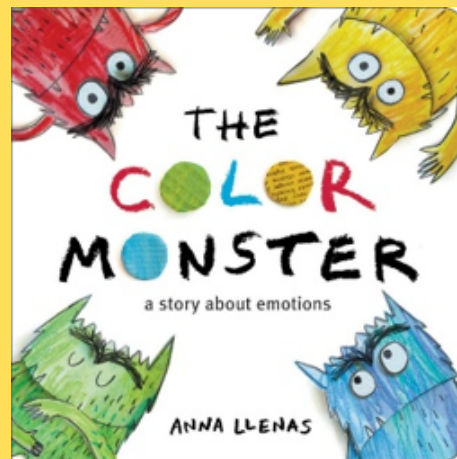

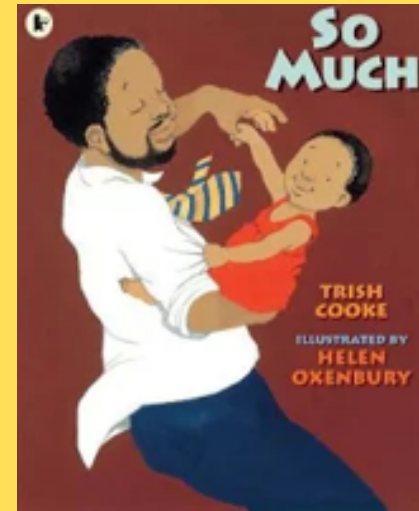

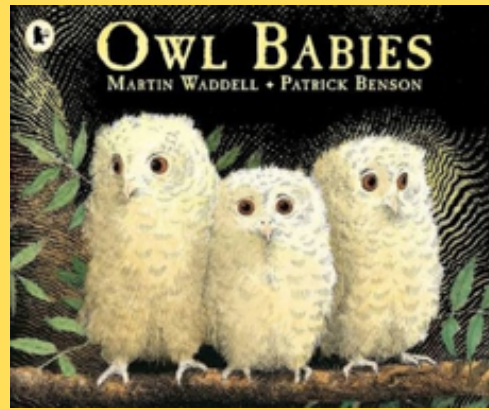

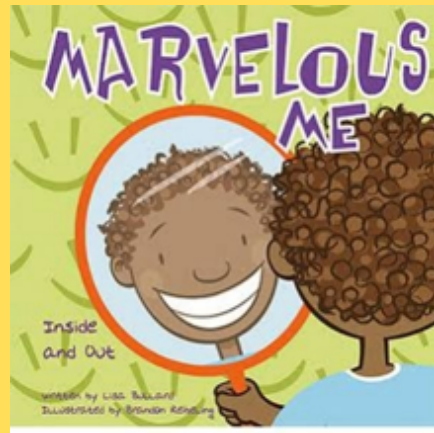

Nursery Learning - Autumn 1

Our **BHM** learning will focus on
Musician: **YolanDa Brown**
Fashion Designer: **Yinka Ilori**

Literacy

We will be building our learning around the following books:

Children will develop a love of stories, join in with repeated phrases and talk about characters and events. We will explore new vocabulary and develop early mark-making skills through drawing, painting and making pictures.

Maths

Children will begin to develop their understanding of amounts and size. We will compare large and small amounts, collect objects and make simple collections. Children will begin to notice when groups are the same and explore mathematical language through practical play and everyday experiences. We will also begin to develop positional language such as up, down, in, out, on and off.

Understanding the World

We will explore our families, homes and the people who are important to us. Children will talk about their family members, look at photographs and build homes using construction materials. We will also explore our Nursery and the people who help us. . We will also celebrate Black History and learn about inspirational people in music and art.

Expressive Arts and Design

Children will explore colour, shape, painting, collage and drawing. They will experiment with paintbrushes, glue and different materials to create their own artwork, including work inspired by Yinka Ilori.
