

Reception Learning - Autumn 1

Communication and Language

Children will develop their listening and speaking skills by following instructions, answering questions and taking turns in conversations. We will encourage children to speak in full sentences, share their ideas and experiences, and learn and use new vocabulary. The children will take part in show and tell!

Personal, Social and Emotional Development

Children will settle into Reception and develop positive relationships with adults and friends. They will learn our classroom rules and routines, become more independent and learn to look after their belongings. We will talk about families, kindness, sharing and taking turns, and begin to recognise and talk about different feelings.

Physical Development

Children will develop their movement skills through PE, including running, jumping, hopping, skipping, balancing and climbing. Fine motor activities such as playdough, threading, cutting, tweezers, drawing and construction will develop hand strength and control.

Our PE and book
change day is
Monday!

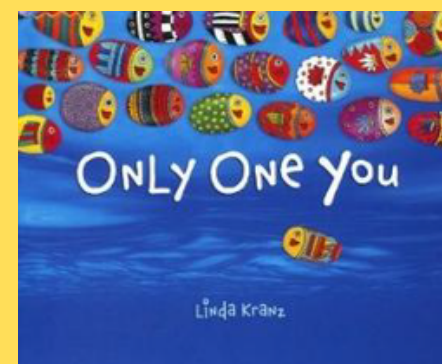

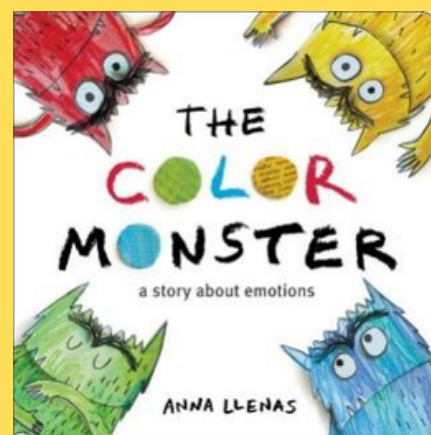

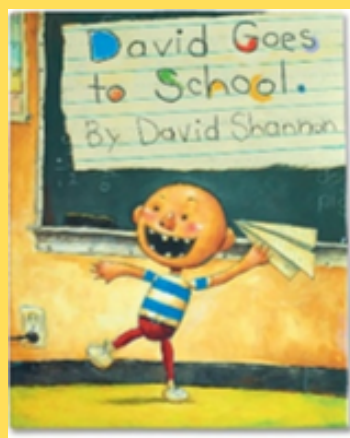

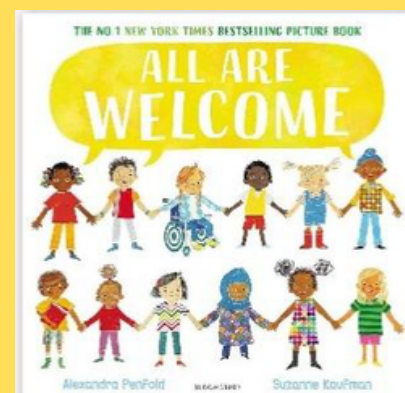

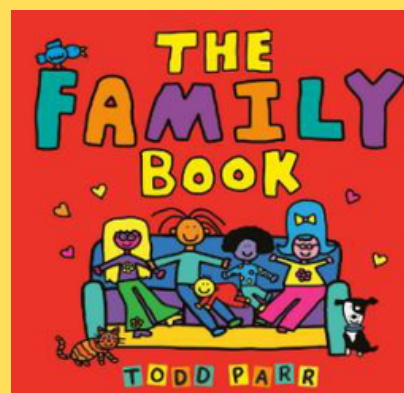

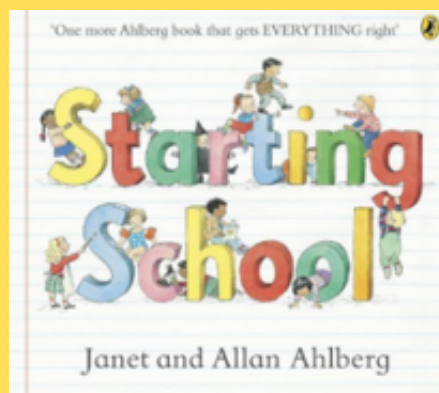

Reception Learning - Autumn 1

Our **BHM** learning will focus on
Musician: **YolanDa Brown**
Fashion Designer: **Yinka Ilori**

Literacy

We will be building our learning around the following books:

Children will develop a love of books, talk about stories and learn new vocabulary. We will develop early writing skills through drawing, mark making, patterns and shapes, alongside beginning Phase 2 phonics.

Maths

We will explore numbers 1, 2 and 3, including recognising, counting, subitising and representing them. Children will sort and match objects and begin to compare amounts, size, mass and capacity. We will also explore circles, triangles and rectangles.

Understanding the World

Children will learn about themselves, their families, their school and the people around them. We will explore similarities and differences, identity, culture and celebrations. We will also celebrate Black History and learn about inspirational people, music and art.

Expressive Arts and Design

Children will explore their creativity through painting, drawing, patterns, construction and role play. They will create self-portraits, colour monsters and unique artwork, while exploring different materials and techniques. We will also enjoy music, with a special focus on jazz and experiment with musical instruments.

Our Phonics Scheme is Little Wandle. Fine more info here:
